

Boots 'n' Buckles Dance Club Playlist February 10, 2012

Hi All,

Denny and I were the D.J.'s at the Boots n Buckles dance (2/10/12), Fremont, CA, USA. There were approx. 55 people in attendance. Great turnout!

There were many, many requests for newer dances last night. We still played some "oldies," although not as many as we thought we might. At BnB the D.J. provides a list of dances that are being taught around the Bay and those that have stayed around for a long time and are still popular, as well as a list of the "oldies." Dancers then place their initials next to those dances they want to dance. Of course some dances have many more initials next to them than others. This does not rule out the fact that some with fewer initials won't ever get played! But, the dances with the most initials are definitely a guideline for the D.J.! Most of the dances below had initials off the page and onto the next line!
