

**Boots 'n' Buckles Playlist**  
**Nov 25, 2011**

Here's the play list from BnB's Friday night dance, Nov 25. The top requested dance was "Rock Your Body" with 19 requests. Followed with On The Edge & Without You with 17 each; Freak A Little More & Melon Heart with 16; 1-2-3-4, Amor De Hielo, and Mr. Mysterious with 15; American Cowboy, Bittersweet Memory, & Domino with 14. The "Req." column below indicates the number of requests. There were many more dances that had lots of requests, but trying to mix it up so that everyone could get a chance to dance a favorite, I just couldn'tt get to them. We would have needed a couple more hours of dancing to get to them all. Also keep in mind that even the dances with the much lower number of requests the dance floor was filled with dancers. Some dancers never initial the request list. We had a number of brand new dances on the floor. I made a notation of those dances.
